Vero Beach, FL 32962**

Pool and Spa Safety Vacuum Release System (SVRS)

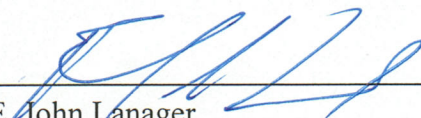

Model: VA-2000 f/b S or L

Samples of the products covered by this report as listed above, have been examined and found to be in compliance with ARL requirements, which include pertinent sections of the Standard for Safety, ASME/ANSI A112.19.17-2010, "Manufactured Safety Vacuum Release Systems (SVRS) for Residential and Commercial Swimming Pool, Spa, Hot Tub, and Wading Pool Suction Systems." Sampling and test results, including applicable test results from sub-contractors, are maintained in the product file at ARL and are not reproduced in this report.

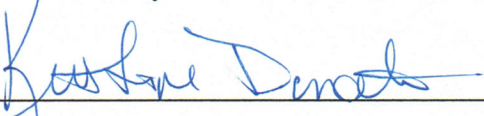

CONCLUSION

Representative samples of the products covered in this report have been found to comply with the requirements for this category, and the products are judged eligible for Listing, Labeling and Follow-Up Service. The manufacturer is authorized to use the registered ARL Listing Mark (Label) on only such products that are manufacturing replicas of the products tested, and continue to be manufactured and tested in accordance with the Follow-Up Service Procedure. The Procedure will be updated as requirements change. Only those products which properly bear the registered ARL Listing Mark are considered Listed by Applied Research Laboratories, Inc.
